Module Name:

Adobe After Effects - Using Shape Tool

Module Name: Adobe After Effects - Using Shape Tool

Multiple Choice Questions (MCQs)

01 What is the main purpose of Adobe After Effects?

- a) Image editing
- b) Motion graphics and visual effects
- c) Audio recording
- d) Spreadsheet creation

02 Which panel is used to organize files and assets?

- a) Timeline Panel
- b) Project Panel
- c) Composition Panel
- d) Effects Panel

Module Name: Adobe After Effects - Using Shape Tool

Multiple Choice Questions (MCQs)

03 What is a composition in After Effects?

- a) A video file
- b) A workspace where animation is created
- c) A type of effect
- d) A rendering format

04 Which property is used to move an object on screen?

- a) Scale
- b) Rotation
- c) Position
- d) Opacity

Module Name: Adobe After Effects - Using Shape Tool

Multiple Choice Questions (MCQs)

05 What do keyframes represent?

- a) File formats
- b) Animation points over time
- c) Effects presets
- d) Rendering options

06 Which panel is used to control animation timing?

- a) Project Panel
- b) Timeline Panel
- c) Effects Panel
- d) Preview Panel

Module Name: Adobe After Effects - Using Shape Tool

Multiple Choice Questions (MCQs)

- 07 Which layer type is used to add text?
- a) Solid layer
 - b) Shape layer
 - c) Text layer
 - d) Footage layer
- 08 What is the function of effects in After Effects?
- a) Organize files
 - b) Modify appearance of layers
 - c) Save projects
 - d) Create folders

Module Name: Adobe After Effects - Using Shape Tool

Multiple Choice Questions (MCQs)

09

Q9. What is rendering?

- a) Editing video
- b) Final output creation process
- c) Importing files
- d) Creating layers

10

Which step comes first in workflow?

- a) Export video
- b) Apply effects
- c) Import footage
- d) Add keyframes

Module Name: Adobe After Effects - Using Shape Tool

Short-Answer Descriptive Questions (with Answers)

01 What is the main purpose of Adobe After Effects?

Answer:

Motion graphics and visual effects

02 Which panel is used to organize files and assets?

Answer:

Project Panel

Module Name: Adobe After Effects - Using Shape Tool

Short-Answer Descriptive Questions (with Answers)

03 What is a composition in After Effects?

Answer:

A workspace where animation is created

04 Which property is used to move an object on screen?

Answer:

Position

Module Name: Adobe After Effects - Using Shape Tool

Short-Answer Descriptive Questions (with Answers)

05

What do keyframes represent?

Answer:

Animation points over time

06

Which panel is used to control animation timing?

Answer:

Timeline Panel

Module Name: Adobe After Effects - Using Shape Tool

Short-Answer Descriptive Questions (with Answers)

07 Which layer type is used to add text?

Answer:

Text layer

08 What is the function of effects in After Effects?

Answer:

Modify appearance of layers

Module Name: Adobe After Effects - Using Shape Tool

Short-Answer Descriptive Questions (with Answers)

09

What is rendering?

Answer:

Final output creation process

10

Which step comes first in workflow?

Answer:

Import footage
